

# Virtual Training Home Page

Last Modified on 10/25/2023 8:16 am MDT

Please review the recorded virtual training sessions listed below. **(Public)**

- **March, 2023: What Saws Do I Need for MY Workflow**
- **February, 2023: MiTek Hornet Saw: Optimizing and Print Options**
- **January, 2023: MiTek RoofTracker Presses - Preventive Maintenance**
- **November, 2022: Component vs. Linear Saws**
- **September, 2020: How to Read Truss Documentation**
- **July, 2020: Temporary and Permanent Restraint and Bracing for Roof Trusses**

Please review the recorded virtual training sessions listed below. **(MiTek CM and Supply customers - Log-in required)**

- **August, 2023: Engineering Ask Me Anything**
- **December, 2022: Truss Libraries**
- **November, 2022: Component vs Linear Saws**
- **June, 2022: Automation - Blade Calibration**
- **April, 2022: Automation - Printer Maintenance**
- **December, 2021: Automation**
- **December, 2021: Management**
- **December, 2021: What's New in 8.5.3**
- **December, 2021: Adjusting Plate Inventory for Existing Jobs**
- **June, 2021: Temporary & Permanent Restraint & Bracing for Metal Plate Connected Wood Trusses**
- **June, 2021: Bill of Materials Basics**
- **June, 2021: How to Customize the Bill of Materials**
- **June, 2021: Troubleshooting the BOM (part 1)**
- **June, 2021: Troubleshooting the BOM (part 2)**
- **May, 2021: Truss Repair Challenges & Ins and Outs of Repair Submittals**
- **April, 2021: MiTek Posi-Struts 101**
- **April, 2021: MiTek Posi-Struts Software Demo**
- **February, 2021: Manage Job Defaults in MiTek Structure**
- **February, 2021: The New MiTek Specifier (You didn't know existed!)**
- **February, 2021: Transfer Center 101 - Best Practices**
- **February, 2021: MiTek Learning Channel (MLC) Preview**
- **December, 2020: MiTek Production**
- **December, 2020: MiTek Support Site Features**
- **November, 2020: Let Structure Specify your Truss Connectors**
- **November, 2020: Specify Shear Panels and Shear Portals**
- **November, 2020: Specify Fasteners for Multi-Ply Beams**
- **October, 2020: Configure the User Interface**
- **October, 2020: Formulas**
- **October, 2020: Additional Material Sets**
- **August, 2020: Loading Q&A Session**
- **August, 2020: Applying Loads in Truss Elevation View**
- **August, 2020: Production Trusses and Applied Loads**
- **July, 2020: Management's Multi-Quote Feature**
- **July, 2020: Management's Simple Project Shell**
- **July, 2020: Manage Tract Projects**
- **June, 2020: Transfer Center 101**
- **June, 2020: The Human Value of Supply**
- **May, 2020: Use Layers in the Bill of Materials**
- **May, 2020: Create Quick New Estimating Tools**
- **May, 2020: Work with Formulas**

- **May, 2020: Add Materials to Your Database**
  - **May, 2020: EWP Design Process Overview**
  - **May, 2020: MVP - Saw Sequencing and Editing Employee Start/End Times**
  - **May, 2020: Specify Hangers in the SAPPHIRE Suite (Canada)**
  - **April, 2020: Model Integration & Sharing**
  - **April, 2020: Cloud, Web, Mobile**
  - **April, 2020: Floor Cassettes**
  - **April, 2020: Truss Loading Webinar**
  - **April, 2020: MVP Quick Start Guide**
  - **March, 2020: MREF for Wall Panels**
  - **March, 2020: Troubleshoot Design Errors**
  - **March, 2020: Structure Tips & Tricks**
  - **November, 2019: Run Installs and Updates from the Command Line**
  - **September, 2019: Re-Designed MiTek Support Website**
  - **July, 2019: Draft Mode**
  - **March, 2019: Lock TRE's in Structure with Truss Design**
  - **January, 2019: Use Custom Components in Wall Panel Design**
  - **November, 2018: Convert MiTek Engineering Truss Design Settings to Structure**
  - **September, 2018: Silent Install**
  - **March, 2018: New Features in Structure Version 8.2.1**
  - **March, 2018: New Features in Management Version 8.2.1**
  - **January, 2018: Management: New Features in Version 8.2.0**
  - **January, 2018: Structure: New Features in Version 8.2.0**
  - **January, 2018 - MREF: Sharing Jobs and Managing Large Commercial and Multi-Family Projects**
  - **December, 2017 - Inform & Educate Customers**
  - **November, 2017 - New Features in Management Version 8.1.3**
  - **November, 2017 - New Features in Structure Version 8.1.3**
  - **August, 2017 - New Features in Management Version 8.1.2**
  - **July, 2017: New Features in Structure Version 8.1.2**
  - **May, 2017: New Features in Management Version 8.1.1**
  - **April, 2017: New Features in Version 8.1.1 (Structure and MiTek Engineering).**
  - **January 2017: What's New in v8.1.0**
  - **October, 2016: What's New in v8.0.3**
  - **July, 2016: What's New in v8.0.2**
  - **May, 2016: SAPPHIRE™ Management, Gadgets & Custom Calendars**
  - **April, 2016: What's New in Version 8.0.1**
  - **January, 2016: What's New in Version 8.0**
  - **December, 2015 - Search and View Tips & Tricks**
  - **October, 2015 - What's New in Version 7.6.4**
  - **July, 2015 - What's New in Version 7.6.3**
  - **May, 2015 - What's New in Version 7.6.2**
  - **April, 2015 - Configuring Truss Labels**
  - **March, 2015 - Working with SAPPHIRE™ Structure Layout Sheets**
-
