

1000 Registrations on the MLC

Last Modified on 04/29/2021 11:23 am MDT

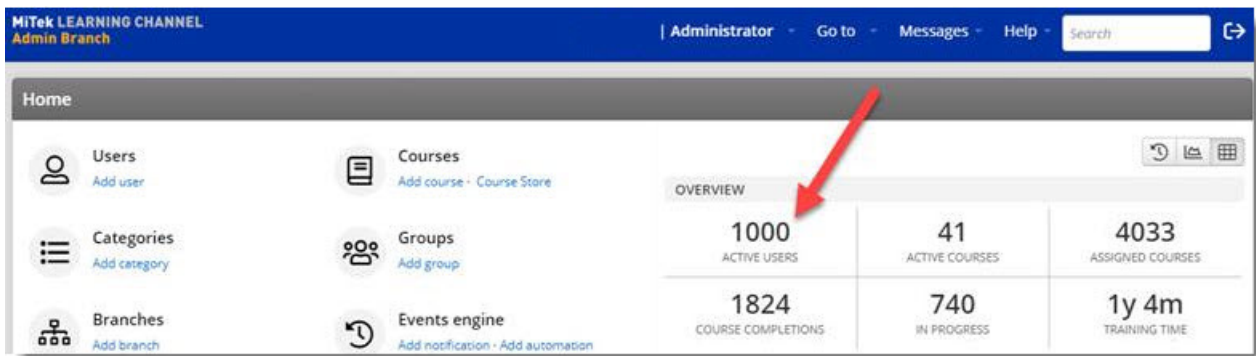

MiTek introduced its new online learning platform, the **MiTek Learning Channel** (MLC), on February 12th, 2021. Customers have embraced the new platform and, as of April 30th, 1,000 people have registered for the MLC!

The MLC is your one-stop source for online, self-paced software classes on a variety of applications, including:

- Structure with Truss Design
- Wall Panels
- MiTek Supply

In the coming weeks, look for a new class that introduces the basics of engineered wood (EWP) design.

Are you interested in learning more and looking at what the MLC has to offer? **[Register today!](#)**

The screenshot displays the MiTek Learning Channel Admin Branch dashboard. The top navigation bar includes the user role 'Administrator', a 'Go to' dropdown, 'Messages', 'Help', and a search field. The main content area is titled 'Home' and features a sidebar with navigation options: Users (Add user), Courses (Add course - Course Store), Categories (Add category), Groups (Add group), Branches (Add branch), and Events engine (Add notification - Add automation). The central 'OVERVIEW' section provides a summary of key metrics:

Metric	Value
ACTIVE USERS	1000
ACTIVE COURSES	41
ASSIGNED COURSES	4033
COURSE COMPLETIONS	1824
IN PROGRESS	740
TRAINING TIME	1y 4m

A red arrow points to the '1000 ACTIVE USERS' metric in the overview table.
